

Sharing Your Halftime Story in 8-10 Minutes

Share your story with clarity and impact: celebrating what God is doing; cast a compelling vision for others.

Your personal Halftime story is a powerful tool that can help you gain clarity about your own journey and provide clarity to help dozens of other successful people in your world redefine success and pursue significance.

Your story can help others see that you have experienced what they are feeling and have begun to make sense out of this complex midlife journey. You have the opportunity to cast a vision for living a second half with eternal impact that may be just the encouragement others need to take the first step.

In many settings people only have a few minutes to hear your story. Preparing to share your Halftime story in a compelling way can make all the difference. These questions have helped many Halftime alumni around the world share their story in 8-10 minutes in a powerful life changing way.
